# OneCheck makes physical space measurable.

Online has cookies. Stores have blind spots.

We turn precise in-store movement into retail intelligence, operational decisions, and accountable media.

## 40 real carts. Measured position by position.

Live replay: T*** Store, Kanagawa June 28, 2026, 12:00–12:03 / played at 6×

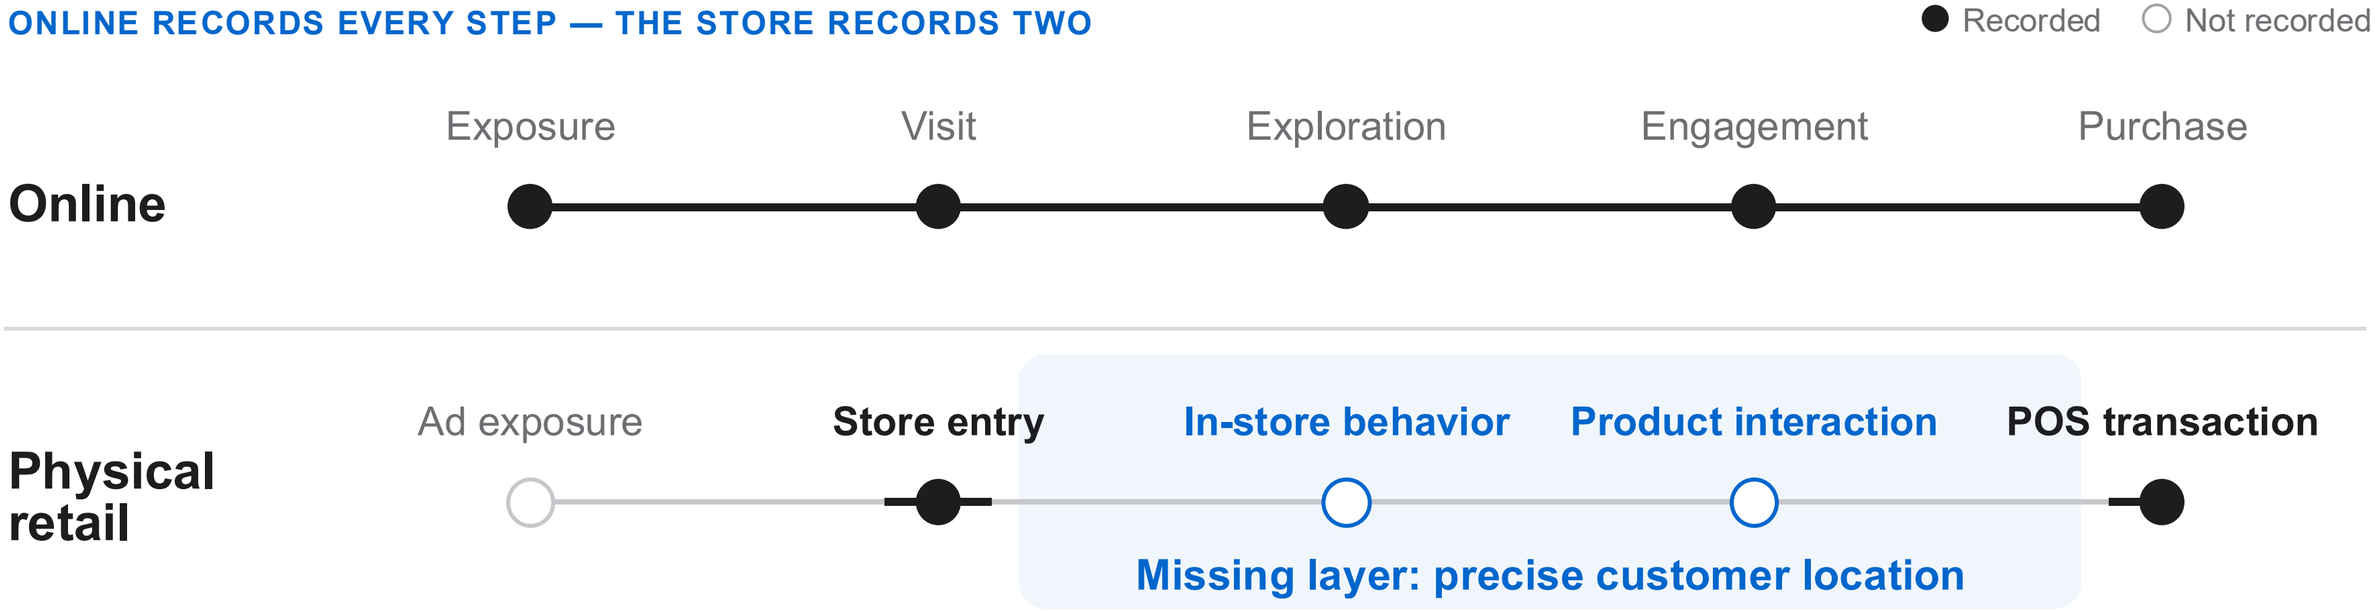

# Physical retail measures footfall and transactions, not the behavior in between.

**Recommendation engines on cookie data built the online giants.**

None of it crosses the store door.

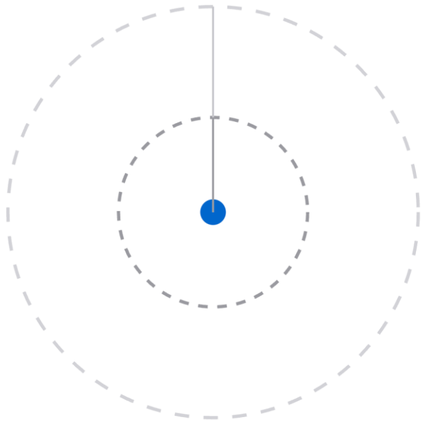

| 80% | 97% | 35% | 80% |
|---|---|---|---|
| **Google** | **Meta** | **Amazon** | **Netflix** |
| Revenue from ads | Revenue from ads | Purchases via recs | Viewing via recs |

**ONLINE RECORDS EVERY STEP — THE STORE RECORDS TWO**

# We use UWB to track indoor customer movement through supported smartphones, with user permission.

POSITIONING ACCURACY, TYPICAL

**GPS**
in buildings
**10–20 m**

**BLE / Wi-Fi**
real-world stores
**5–10 m**

**UWB**
indoors
**10–30 cm**

## 2026

### UWB indoor positioning now spans Android & iOS

JUN 2026
**Android 17**

SEPT 2026
**iOS 27**

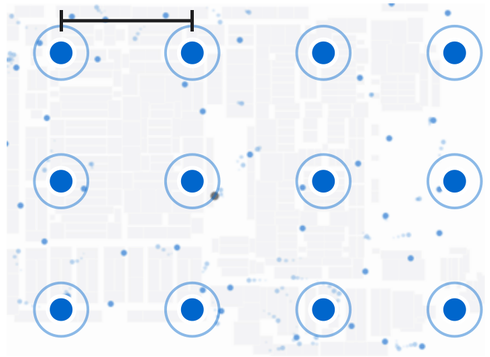

OUR ROLE
**Platform development partner**

BEFORE
**A tag**
Shoppers carried a tag, or we tracked the cart.

NOW
**Their phone**
It finds its position from in-store anchors.

# Running UWB takes three things — and OneCheck has all three.

**01** OneCheck · in the space

**20 m**

between anchors, on our store map

## Anchors in the space

The indoor satellites — set up first. We supply, install and calibrate them.

**02** OneCheck · in the phone

App + SDK
**Connects**

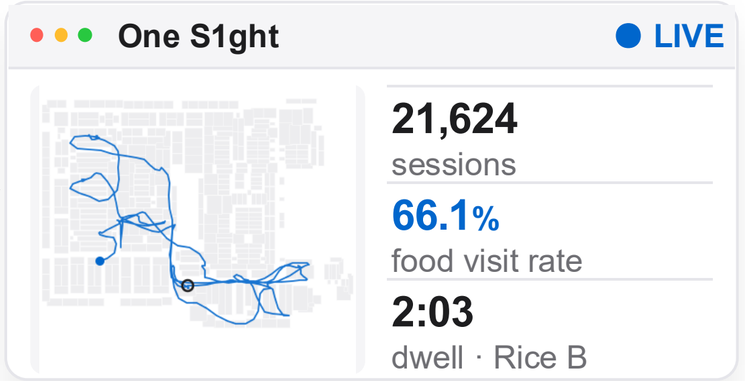

UWB chip
**Activated**

## UWB mobile SDK / algorithm

Connects the phone to the anchors and activates the UWB chip already inside. For carts and assets, our own tag.

**03** OneCheck · in the cloud

## Geospatial data platform

Locates every phone on a real floor plan — then searches and analyzes the journeys.

T*** Store, Kanagawa. Anchor spacing varies by site; phone view illustrative.

# One S1ght finds the business signal and recommends the next action.

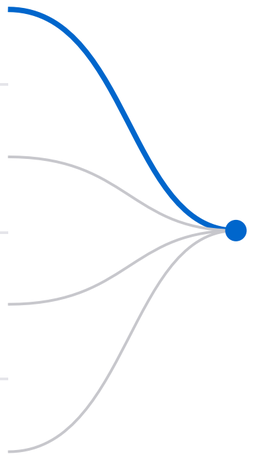

DATA IN

**OneCheck**
Paths · dwell · exposure

**POS**
Baskets and receipts

**CRM**
Members and loyalty

**Campaigns**
Media and promotions

ONE S1GHT

## AI insight engine

01 **Join**

02 **Find the signal**
